This is a demanding, examined course aimed at developing a broad and in-depth knowledge of the key fixed income instruments, derivatives and markets.

IFID forms part of the suite of ICMA Executive Education courses that provide training for beginner, intermediate and advanced professionals covering front, middle and operation functions. ICMA provide in-house and public course offerings including the Financial Markets Foundation Course (FMFC), Primary Market Certificate (PMC), the Operations Certificate Programme (OCP) as well as a number of tailor made courses in markets, regulation and operations.
