<b>Digital</b>				

# D7 product family addressing market needs for traditional, digital and decentral world

# Digitization proven value-add with savings potential for market participants

## Instant Issuance

Accelerates the time-to-market for issuance by reducing trading limitation and facilitating immediate distribution

Unlimited issuance of ISINs and D7 centrally positioned in issuance ecosystem with direct connections to all players

Eradicates the Dummy ISINs process and the waste created for unsold or knocked-out overnight instruments

## Single Interface

Reduces the number of interfaces from multiple to single interface

Avoiding the use of multiple message channels and system / media breaks, resulting in improved quality and data consistency

Decreases operational risks, such as reconciliation efforts

## Operational Improvements

Single source providing best quality real-time data

Unified approach for issuance and lifecycle management, which removes the break of interfaces in-between

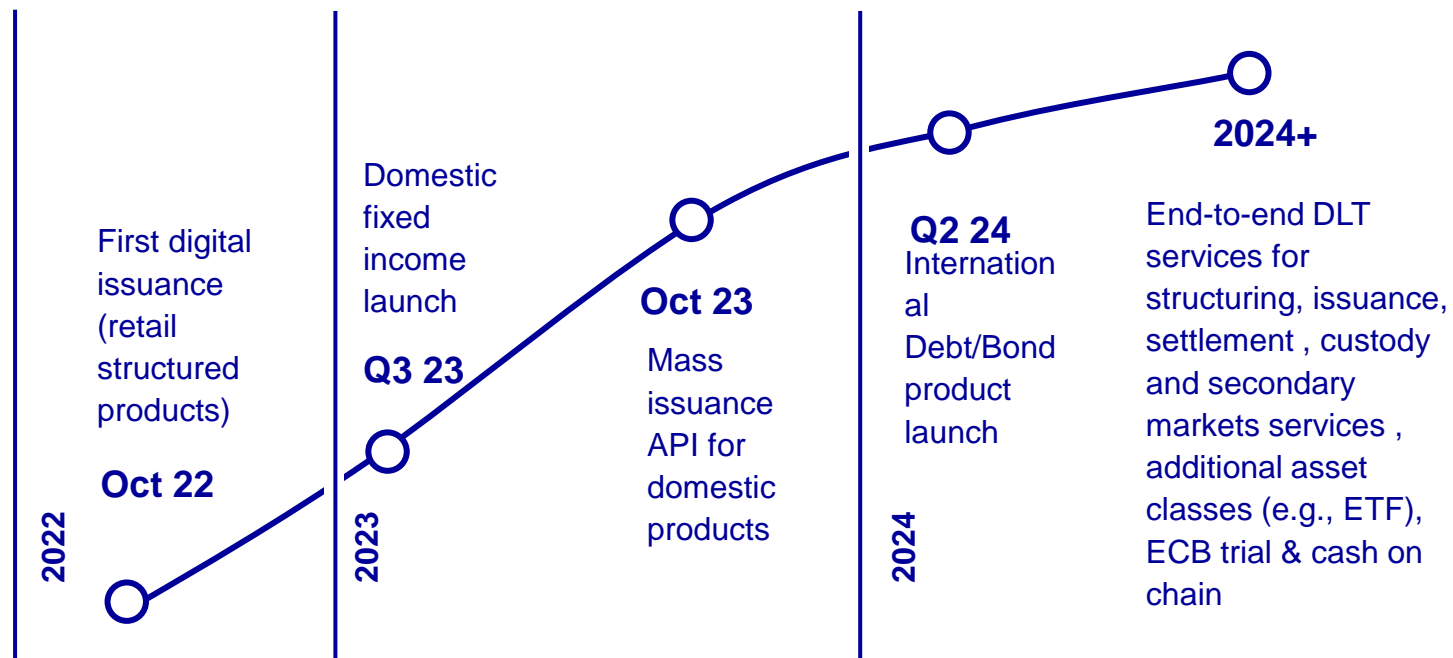

Integrated legal documents, ensuring immutability, correctness and providing proof on the origin of documents

# D7 as first fully digital infrastructure

## D7 vision

- **Clearstream as regulated operator** of decentral post-trade infrastructure network
- Driving **end-to-end digitisation** through same day issuance, registration, t+0 settlement and record keeping, leverage industry leading technology and enabling distributed/decentralised markets
- **Multi-asset coverage** (debt, funds, equities, alternatives, etc.)
