The Covered Bond Investor Conference

Deutsche Nationalbibliothek, Frankfurt, 30 June, 2022
With The Covered Bond Report Awards for Excellence

After two years' absence due to the Covid 19 pandemic, the International Capital Market Association (ICMA), the Association of German Pfandbrief Banks (vdp) and The Covered Bond Report will jointly host the 9th Annual Covered Bond Investor Conference on 30 June 2022 at the German National Library. The event has been designed to air and address the concerns of investors and other key players in the covered bond market.

The conference has in past years been attended by over 150 international delegates. The following job titles were represented amongst those who have attended the event:

- Head of Fixed Income
- Senior Portfolio Manager
- Head of Treasury
- Head of Covered Bond Origination
- Head of Syndicate
- Chief Investment Officer
- Covered Bond Analyst

The agenda is drawn up by the ICMA Covered Bond Investor Council (CBIC), The Covered Bond Report and the vdp, considering topical issues affecting the investor community and the wider covered bond market. These include the potential impact of QE tapering and monetary policy, implementation of the EU Covered Bond Directive and other regulatory developments, innovations in covered bond structures and markets globally, and the development of green and social bonds. We have enjoyed important contributions from the EBA, the ECB and European Commission on some of these key themes in previous years.

The Covered Bond Report Awards for Excellence Reception

The Covered Bond Investor Conference will be held in conjunction with The Covered Bond Report Awards for Excellence.

The Covered Bond Report has announced the winners of its awards in conjunction with each of the past years' conferences and recognised the winners at a reception. These honours have been well received by winners and other market participants alike.

The incorporation of the awards event has increased interest in the overall conference.

The Covered Bond Investor Conference 2022

The provisional agenda for this year's conference will be made available closer to the event itself; this is to ensure that the agenda and content of the day is timely and topical in light of market and regulatory developments.

We will be promoting the event to ICMA and vdp members as well as The Covered Bond Report readers, and to a wider audience by advertising the event on the ICMA website, Twitter, LinkedIn and publications, working in collaboration with The Covered Bond Report, the vdp and also our sponsors.

Participant Feedback

“Overall very good conference with highly relevant topics, well prepared and organised. Good keynote speech, we'd love to see this also in future events. Nice opportunity to rub elbows with the covered bonds community.”

- Dirk Rothenbach, Product Manager Global Funding and Financing, Clearstream Banking AG
