

2018/2019 Taskforce New Markets

Terms of Reference:

The purpose of the Taskforce is to support significant developmental initiatives in the green bond market, in particular where linked to market expansion, innovation or supervision, and which are not naturally covered by an individual GBP SBP Working Group alone.

The remit includes tackling new initiatives involving both the Official Sector and the GBP SBP Membership, or other initiatives to grow or develop the green/social bond market, with multi-faceted implications for a wide range of market participants. The development at stake may include a geographic, segment or product focus.
