The ICMA Sustainable Bonds Helpdesk provides informal guidance which should not be relied upon as legal, financial or other professional advice. Legal or other professional advisers should be consulted for definitive guidance. The helpdesk does not provide advice on individual deals.

The International Capital Market Association (ICMA) serves as Secretariat, assuming administrative duties, and providing guidance for the governance of the Principles. As the principles are designed to be industry wide, bond issuers and investors as well as banks are invited to participate.
